Mediation Firm, Inc. provides conference facilities to serve the trial attorneys of South Florida at its offices in Ft. Lauderdale, Miami and West Palm Beach. They also conduct conferences at other locations convenient to the parties and counsel throughout Florida.

The Firm's panel of seasoned mediators from diverse backgrounds makes matching the right mediator to the case easy. The Firm provides experienced mediators with flexible schedules who charge reasonable fees. The mediators are experienced trial attorneys or former judges so they thoroughly understand the trial and appellate process with its attendant risks, uncertainty and expense.

The mediators realize that when any client retains an attorney to represent them in a civil litigation case, the client expects to receive a product. It is an intangible product, but to the client it is clearly defined... *a resolution of the case, on terms acceptable to the client, at the earliest possible moment.* Mediators on the panel of Mediation Firm, Inc. realize this client mindset and vigorously pursue helping trial counsel deliver that product to their client.
